ROTARY RECREATIONAL AND VOCATIONAL FELLOWSHIPS

Do you like canoeing? Cycling? Motorcycling? So do thousands of your fellow Rotarians in other countries. Over 40 recreational fellowships, focusing on activities from amateur radio to yoga, attract an ever-growing membership. You, too, can get together with fellow Rotarians worldwide who share your hobby.

Is your profession banking? Medicine? International Trade? Take advantage of Rotary membership to belong to an international professional organization with global contacts. Join one of the dozens of vocational fellowships that bring together Rotarians from countries around the world.

Rotary Recreational and Vocational Fellowships is an exciting program composed of over 70 independent fellowships. Whether recreational or vocational, fellowships unite Rotarians in friendship and service, the exchange of ideas, and the pursuit of international understanding.

Put yourself in the picture: You could be caravanning with fellow Rotarians to the Rotary International Convention...scuba diving with fellowship companions at coral reefs in the Pacific Ocean...learning from fellow lawyers or stockbrokers in other countries how they practice their professions... contacting a fellow pilot to provide emergency transportation for a sick child or calling on a fellow doctor to provide short-term service in a refugee camp. The opportunities for fun, fellowship, and service are unbounded.

Whatever your vocation or avocation, you are likely to find a Rotary Recreational or Vocational Fellowship to match it. And if you do not find a fellowship that sparks your interest, you might want to start one. Membership in the fellowships is open to all Rotarians. Join the thousands of Rotarians and explore international friendship and service!

But whether joining or starting a fellowship, keep in mind membership obligations as well as advantages. Fellowships must satisfy criteria for recognition by Rotary International, including a valid purpose stated in a constitution or bylaws, the publication of a newsletter or other forum, and the sponsorship of group activities in which an international membership can participate. Most fellowships require minimal dues to defray expenses.

To find out more, complete the form on the following page. And get involved!

Please limit your selection of recreational fellowships to three, and mark only that vocational fellowship which is appropriate to your profession.

Recreational Fellowships
